INDUSTRIAL SUPPLIES & CONTRACTING

New Contract For Preventive Maintenance Services - Portable Water with US Consulate General, Dhahran

ABOUT US

NATCO leads the industrial landscape in Saudi Arabia, offering a wide array of services tailored to diverse industries. With a steadfast commitment to organization and value-driven solutions, we elevate performance across the board.

Our professional and trustworthy team ensures that every service meets and exceeds customer expectations. Built on accountability, responsiveness, and transparency, our approach to relationship management sets us apart.

From water treatment equipment services to electrical, mechanical, and electromechanical solutions, NATCO is your ultimate partner. We also excel as material suppliers, chemical solution providers, and representatives for top brands in Saudi Arabia.

With expertise in Glass Lined equipment and water treatment systems, we deliver unmatched quality. Whether it's project management, PM contracts, or chemical flushing, NATCO ensures optimal performance and efficiency.

Our goal is crystal clear: to provide world-class service and comprehensive fleet management solutions, establishing NATCO as the go-to choice for industrial support in Saudi Arabia.

VISION

Transforming regional engineering practices across Power, Energy, Oil & Gas, and Petrochemicals. We pioneer technology adoption, empower human resources, and catalyze local market growth, driving sustained innovation and progress.

MISSION

Dedicate our resources to crafting bespoke solutions with cutting-edge technologies for our partners. We pledge to enhance value through local engineering prowess and meticulous project management, customizing solutions to meet client needs while advancing the local economy and industry.

OUR SERVICES

PROJECT MANAGEMENT:

We excel in providing comprehensive project management support across industries. Our services encompass project planning and scheduling, scope management, budgeting and cost control, risk management, quality assurance and control, stakeholder communication and reporting, procurement and contract management, and change management.

With tailored plans, efficient resource allocation, proactive risk mitigation, and transparent stakeholder communication, we ensure successful project execution, adherence to budget constraints, and high-quality deliverables.

Through our comprehensive project management services, we help clients successfully navigate complex projects, achieve their strategic objectives, and realize measurable results.

ELECTRICAL

NATCO provides a wide range of electrical services customized for industrial, commercial, and residential purposes, including design, installation, maintenance, and repairs, with a focus on safety and efficiency.

MECHANICAL:

Our wide array of mechanical services is customized to meet various needs. We provide services ranging from equipment installation, maintenance, and repair to precision machining for top-notch components.

Our expertise extends to expert fabrication and welding, innovative mechanical design and engineering, efficient pipefitting and piping systems, equipment overhauls and refurbishments, and streamlined material handling solutions. At NATCO,

we guarantee reliability and efficiency in every project, from installation to refurbishment.

ABRASIVE BLASTING AND PROTECTIVE COATING

NATCO has built a sustained reputation as one of the leading maintenance and corrosion protection companies in the Kingdom of Saudi Arabia. We specialize in the protection of steel and concrete structures in some of the harshest environments.

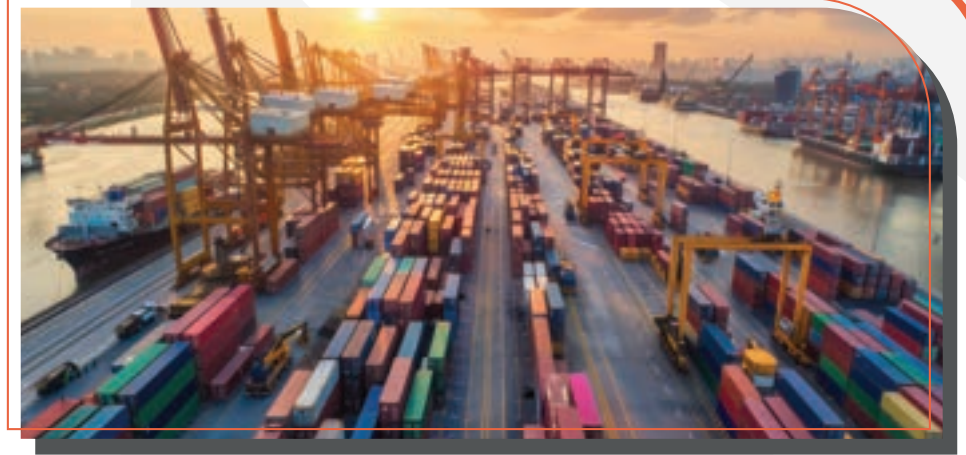

As a specialist contractor in surface preparation and protective coatings, we are very active in the oil, gas, petrochemicals, water desalination, power, and communications sectors.

We protect customers' valuable assets from rust, corrosion, and fire, all of which can drastically reduce the productive life of these expensive assets.

MATERIAL TRADING & SUPPLY

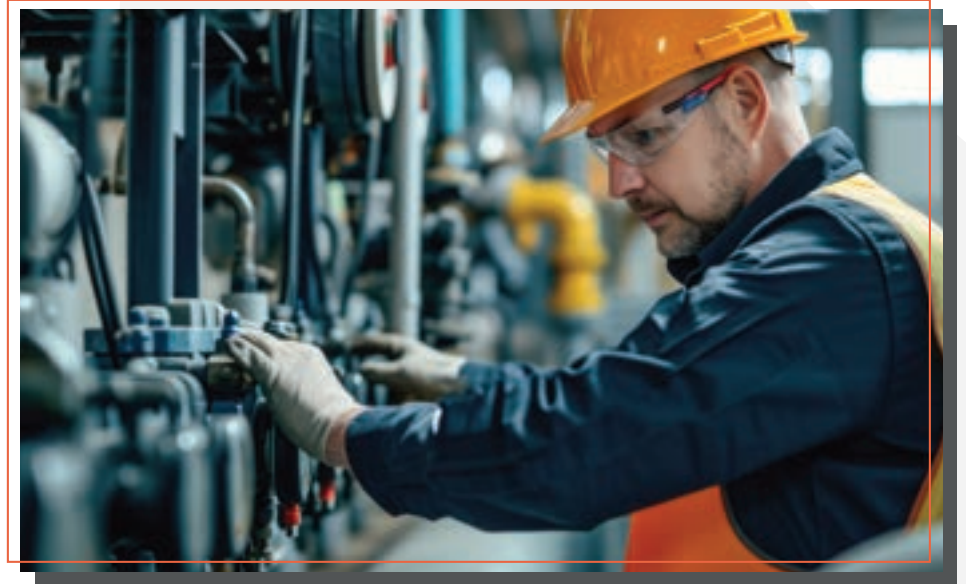

Our industrial material supply services include sourcing, procurement, and delivery of a wide range of materials for industrial projects.

WATER TREATMENT MAINTENANCE:

NATCO specializes in maintaining water treatment systems to meet regulatory standards and enhance performance. Services include routine inspections and preventive maintenance, filter replacement, customized chemical treatment programs, system optimization, and 24/7 emergency repair services.

NATCO also offers compliance support, operator training, and ongoing system support. Ensure clean and safe water supply with NATCO's reliable and efficient services.

HVAC PM & CM:

In HVAC PM & CM, NATCO delivers a comprehensive array of services to guarantee peak performance and efficiency of HVAC systems.

Offerings include customized preventive maintenance programs covering inspections, cleaning, and component replacements.

We optimize equipment performance through thorough assessments and airflow balancing, while ensuring air quality with timely filter replacements and refrigerant management. Our 24/7 emergency repair services minimize downtime, while energy management solutions and remote monitoring enhance efficiency and sustainability.

NATCO's services ensure comfortable indoor environments, reduced operational costs, and minimized downtime for clients.

OIL & GAS UPSTREAM TECHNICAL SERVICES:

Our oil and gas upstream technical services encompass a wide range of support, including exploration, drilling, production, and reservoir engineering.

We provide expertise in optimizing production, reducing costs, and ensuring compliance with industry regulations. Our services are tailored to meet the specific needs of each project, ensuring efficient and safe operations.

ENGINEERING:

Our engineering services cover a broad spectrum of disciplines, including mechanical, electrical, civil, and structural engineering. We offer comprehensive design, analysis, and project management services, using the latest tools and technologies to deliver innovative solutions.

Our team of experienced engineers is committed to excellence, delivering projects on time and within budget.

ASSET INTEGRITY MANAGEMENT:

Asset integrity management is crucial for maintaining the reliability and performance of industrial assets. Our services include risk assessment, inspection, maintenance planning, and corrosion management. We help our clients maximize the lifespan of their assets while minimizing risks and costs.

PROCESS PLANT TECHNICAL SERVICES:

NATCO specializes in Process Plant Technical Services, offering expertise in process optimization, troubleshooting, equipment reliability, safety management, automation, training, and compliance. Using advanced tools, we enhance efficiency, reduce downtime, ensure safety, improve automation, develop skills, and meet regulatory requirements. NATCO's services enable operational excellence and competitive advantage for clients.

CHEMICAL SOLUTIONS & SUPPLY:

NATCO provides high-quality chemical solutions and supply services tailored to meet the specific needs of various industries. We offer a wide range of chemicals, including water treatment chemicals, cleaning and maintenance chemicals, and specialty chemicals. Our team of experts provides technical support and guidance to ensure the right chemical selection and application.

We adhere to strict quality standards to ensure the reliability and effectiveness of our products.

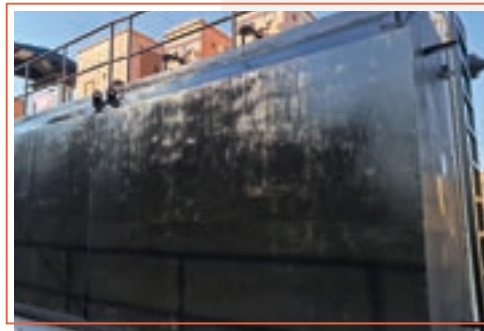

PAINTING:

NATCO is specialized in various painting services, including line marking, tank pointing, sandblasting, and logo painting of water towers, industrial tanks, high-rise buildings, chemical plants, and factories. We apply a range of coatings, including epoxy, multipoint epoxies-based and latex water paints, heavy-adhesion coatings for dusty environments, urethanes, polyurethanes, industrial tank enamels, drywall paints, low-emissions coatings, and nonslip coatings, among others.

OUR ON-GOING PROJECTS

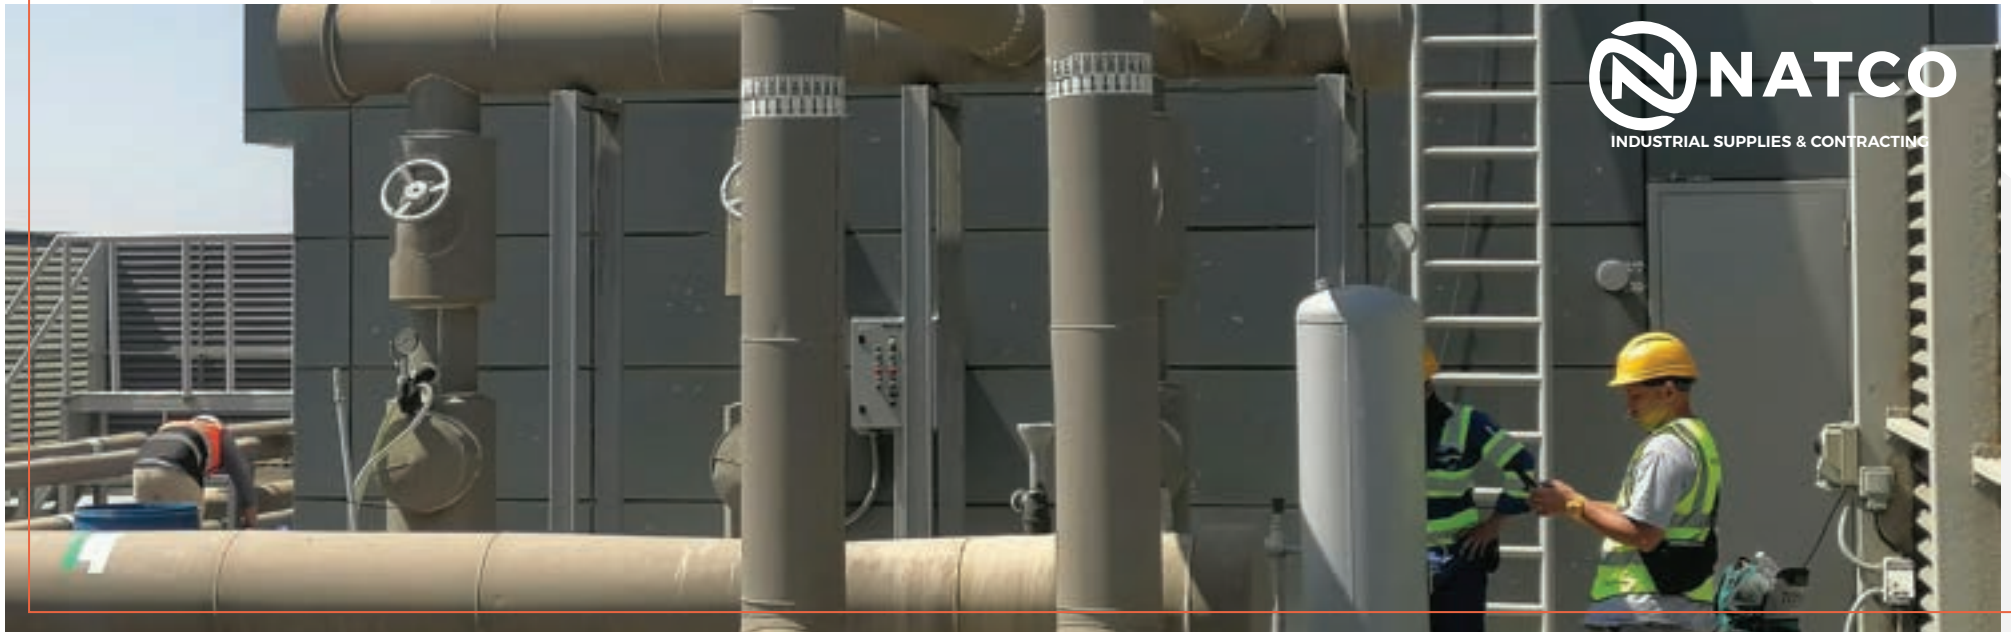

- Equipment Maintenance Contracts for five years with the US Consulates in Jeddah and Dhahran.
- Supply of spare parts to companies and air defense forces.
- Maintenance contracts for water treatment equipment with the US Consulates in Jeddah and Dhahran, including a PM contract for potable water.
- Maintenance contracts and supply of chemicals with Balaa Plastic Factory in Jeddah.
- Supply of chemicals, testing, and maintenance contracts with SPS Factory in Jeddah.
- Supply of equipment and pumps with the Strategic Missile Forces.
Supply of spare parts with Al-Khashim Company.
- Supply of spare parts with Arisal Company.
Contract with Jeddah Islamic Port.
- NATCO's Collaboration with Red Sea Gateway Terminal Co. (RSGT)

NATCO is proud to collaborate with Red Sea Gateway Terminal Co. (RSGT) on various projects aimed at ensuring the efficient and sustainable operation of their facilities. Our services for RSGT include:

- Water Treatment for Different Types of Water Systems
- PM Service Contract for Domestic Water & STP Unit
- Chemical Flushing of HVAC (Chilled Water System Closed Loop)
- Chemicals Supplier & Other Services

Our collaboration with RSGT reflects our commitment to providing high-quality services and solutions that meet the unique needs of our clients in the maritime industry.

NATCO acts as the local dealer of different international companies , including:

Zibo YongZheng: One of our partners is Zibo YongZheng Chemical Equipment Co., Ltd, specializing in Glass Lined Equipment.

De Nora: We also partner with De Nora, an Italian multinational company specializing in electrochemistry and sustainable technologies.

Energy Pool: Energy Pool manages and optimizes energy consumption for complex systems, promoting smarter and more sustainable energy management. NATCO is proud to partner with them to enhance our sustainability efforts in the energy sector.

Wiser Sense: Wiser Sense is one of NATCO's business partners, offering a solution that combines smart sensors and AI-driven software for comprehensive data analysis and interpretation.
